DEVASTATING FIRES.

Miles of Country Burned Over in Nebraska.

SEVERAL LIVES REPORTED LOST.

It Is Believed That Several Hundred Head of Cattle Have Perished—Thousands of Tons of Hay Destroyed—The Loss to Stock Raisers and Farmers Will Be Enormous.

HYANNIS, Neb., Oct. 26.—This week has been a direful one in a large portion of the Sand Hills. Devastating fires have swept through the western part of Cherry and Grant counties, burning on the north side of the Burlington and Missouri railway track to within about four miles of this city. Lashed on by a furious wind, the fires traveled at a pace that carried consternation as well as destruction.

The fire north of the railroad was set the first of the week, by a man and his wife, about 10 miles north of Alliance. The man was intoxicated and in filling and lighting his pipe threw the burning match on the ground where it ignited the grass. In an instant a fire started which, fanned by the northwest wind, at once set out on its mission of destruction.

Specific reports of damage done on the ranches of the sufferers are not in yet. Those losing hay are as follows: Bartlett Richards, 1,500 tons; Margraves, 850 tons; Pat More, 100 tons; West, 100 tons; H. Woodruff, 600 tons; Stansbie Brothers, 1,000 tons; J. H. Miner, 1,000 tons; Mason Brothers, 1,200 tons and barn.

It is reported two men were burned at Mullen. One is dead and the other is lying in a critical condition, and will die.

At about the same time another fire started on the south side of the track, burning everything clear from Lakeside to the Blue river. At present the fire is largely confined to the isolated districts of Sheridan, Grant, Thomas and Cherry counties. Little information is obtainable, as the fire is swept by a high wind first in one direction and then in another, but the loss is known to be heavy. The fatalities known are as follows, though many unverified rumors declare many ranchmen were lost.

E. L. Lelocher, ranchman, caught by flames while trying to save his home. Bliss, brother-in-law of Lelocher. Two unknown men.

In Sheridan county the fire has burned over a strip of country over 10 miles in width and is still burning. Thousands of tons of hay have been destroyed, leaving cattlemen destitute. The homes and stock of two men were burned, and their cattle range ruined. It will require thousands of dollars to repair the great damage of the fire. Nothing like the ruin has happened for years.

At Bedford, 10 miles south, citizens were out until a late hour last night burning fire guards, and at this time the town is considered safe unless the fire should come in north of the strip already burned over. The wind is blowing at the rate of 60 miles an hour and grave fears of fire are entertained, as the atmosphere is full of smoke and cinders. So far no loss of life is reported in that locality, but the loss of range will be great to the stockmen.

Hundreds of thousands of head of cattle are grazing in Cherry, Thomas, Grant and other counties, where these fires are raging. These cattle were sent there from the southern part of the state, where the drought has been felt so heavily, and were taken to the northern counties to graze for the winter. It is feared that a large proportion of these cattle have perished in the flames. It is almost impossible to get any definite information concerning the fires, as they are at some distance from the railway stations.

The loss to the farmers and stock raisers will be enormous, and, coming as it does on the top of the drought, the situation will be hard to bear this winter. It will be several days before any definite details as to the loss of life and property will be known, since those who have fled from their homes to the water courses to avoid the flames will not leave them while the fires are being so constantly shifted by the high wind.

MINE ACCIDENT.

One Man Killed and Eleven Others Entombed and Their Fate Unknown.

IRONWOOD, Mich., Oct. 26.—What may prove to be the worst accident in the history of the Menominee range occurred on the fourth level of shaft No. 1 at the Pewabic mine at 3 o'clock yesterday afternoon. One man is known to have been killed and 11 others are entombed and their fate will not be known for 18 hours, as it will take that length of time for as large a force of men as can be employed in the narrow shaft to clear away the rubbish.

The accident was caused by the sandstone capping which overhung the room, coming away with sufficient force to crush the timbers without warning. The settling commenced in an old room above the third level about 100 feet in height.

In an interview Superintendent Brown expressed himself as being confident that all the entombed men would be taken out alive. This will depend very much on whether the air is pure and of sufficient quantity to keep them alive. Some miners interviewed seem to think that the supply will not prove sufficient and that it is charged with poisonous gases. The body of Frank Gabardi, the man killed, has been taken out. Among the men imprisoned are John Farrell, Peter Hellberg, William Rickard and William Thomas. All have families.

DEATH OF DR. HELMBOLD.

The Famous Buchu Man Suddenly Dies of Apoplexy.

TRENTON, Oct. 26.—Dr. H. T. Helmbold of extract of Buchu fame, died suddenly of apoplexy yesterday in the state asylum for the insane in this city. He was 57 years of age, and has been an inmate of the institution about three years. Dr. Helmbold became insane, supposedly through excesses, about 15 years ago. He was sent to the Pennsylvania asylum at Norristown, and spent several years there, when his wife secured his release.

He then resumed his patent medicine business and became a millionaire. For many years he conducted a drugstore in the Continental hotel building in Philadelphia and later in the Herald building, at Broadway and Ann streets, New York. Several years ago he took up his residence in Long Branch, where he, at different times, entertained General Grant and other dignitaries. His mental malady developed new phases and his conduct led to his confinement in the asylum here. At times he was rational but very often violent, when he was put under restraint. He made four or five attempts to escape. Wednesday his attendant found a bundle of letters which Dr. Helmbold had written and addressed to Governor Werts and others. In these he stated that he was sane and would pay liberally for his freedom.

BACK IN THE WHITE HOUSE.

The President and His Family Return to Washington.

WASHINGTON, Oct. 26.—President Cleveland returned to the city via the Pennsylvania road, after an absence of about eight weeks, most of which was spent at Gray Gables. The president was accompanied by Mrs. Cleveland, the two children, their nurses and Secretary Lamont, who joined the party at Baltimore on his way home from McGrawville, N. Y. Private Secretary Thurber was at the station to meet the president's family. The president's carriage was driven to the side entrance of the station, and he entered from that place. There was but a small crowd on hand, as the time of the president's arrival was not generally known.

To one of the White House attaches who saw him when he arrived, the president said he had enjoyed his vacation and was feeling very well, and his appearance bore testimony to that effect. Mr. Cleveland's carriage was at once driven to the White House, which has been thoroughly renovated and overhauled during the absence of its inmates from the city.

Two Stories and the Roof Burned.

KANSAS CITY, Oct. 26.—Shortly after 10 o'clock last night fire broke out in the basement of the Baird building, which is used for office purposes at the corner of Sixth and Wyandotte streets, and, starting up the elevator shaft, the flames spread all over the sixth and seventh floors. After those floors and the roof had been destroyed the firemen subdued the flames. The loss will not exceed \$30,000.

Fatal Results of a Runaway.

HARTFORD CITY, Ind., Oct. 26.—Mrs. Sink Maitland, while out driving near Mill Grove, this county, was unable to control the horse, and the animal ran away, throwing Mrs. Maitland's 9-year-old daughter out with such violence that she died in 10 minutes. The mother escaped injury.

Scaled to the Knees.

MUNCIE, Ind., Oct. 26.—At the Muncie veneering works, John Miller fell into a vat of the hot liquid, and the flesh on his legs was cooked in a frightful manner to the knees. A workman nearby pulled him out just as he was about to topple over into the boiling stuff.

Fifteen Cars of Tinplate.

BALTIMORE, Oct. 26.—A train of 15 cars left Canton last night over the Pennsylvania railroad for Milwaukee with tinplate brought from Swansea, Wales, by the Atlantic transport line steamers Maryland and Menantic. There were about 500,000 pounds of plate in the shipment.

The Ohio Man Won.

WILKESBARRE, Pa., Oct. 26.—Billy Dacey of New York and Louis Jester, champion lightweight of Ohio, fought 10 rounds at Nanticoke last night for a \$500 purse. Dacey was to have knocked his man out in 10 rounds, but he failed to do it. The referee gave the fight to the Ohio man.

Mrs. Mary A. Woodbridge Dead.

CHICAGO, Oct. 26.—Mrs. Mary A. Woodbridge, corresponding secretary of the National and World's Women's Christian Temperance union, died yesterday evening. She was stricken with apoplexy two days ago. The body will be taken to Ravenna, O., for interment.

Was It the Music?

NASHVILLE, Oct. 26.—During the performance of the Sousa band at the tabernacle last night, Dr. J. P. Dake, the oldest and most prominent homeopathic physician in the city, was stricken with apoplexy and is now in a critical condition.

Diphtheritic Plague.

GREENSBURG, Ind., Oct. 26.—Diphtheria has broken out at Sandusky, a small village north of this city, and the public schools have been closed indefinitely. Seven cases are reported, with many persons exposed to the disease.

Earthquakes in the East.

YOKOHAMA, Oct. 26.—Three thousand houses have been destroyed by a succession of violent earthquake shocks. As far as known 260 lives have been lost and a large number of people have been injured.

ANOTHER TOWN LOOTED.

Cook's Gang of Outlaws Visit Gibson Station in the Indian Territory.

FORT SMITH, Ark., Oct. 26.—A report has reached this city to the effect that the little town of Gibson Station has been robbed in pretty much the same fashion as the Watoba holdup, the express office and several stores being looted. The place is six miles south of Wagoner, on the Missouri, Kansas and Texas road, and there is no telegraph office there, particulars of the robbery have not been received here. It is said that six men took part in the holdup. Marshal Grump received a telegram yesterday from Deputy Lawson, who had gone in pursuit of the Cook gang, and that a fight between the bandits and officers was expected at any time. The latest robbery reported here up to this time was that of a preacher, Wednesday night at Illinois Station by two men. It is not known how much was secured.

The train from Wagoner, which arrived here at 1 o'clock this morning, was guarded by a force of 25 men under the leadership of Sheriff Brown. The same posse guarded the westbound train leaving here a few hours later, and were reinforced by 25 others at Kenetia, as the railroad people were expecting a holdup at Illinois Station. The Cook gang is supposed to be in that vicinity, as 10 armed men were seen at the water tank there when the east-bound train came through. Conductor Dunkling was on the lookout for a hold-up at Bragg, and later at Illinois, but he came through all right. He reports the whole country as up in arms, and in the hunt for the outlaws, saying there are fully 500 men in the chase. Bill Cook is to be shot on sight.

The marshal's office is expecting a telegram from their deputies in regard to a fight with the Cook gang. The deputies are now searching for Cook and his gang high and low. About 100 of them have been ordered to Gibson by United States Marshal Grump to participate in the chase after the bandits.

Gibson is the place Cook has heretofore made his headquarters. There is little doubt, however, that his band has scattered, learning of the coming of the deputies and Indian police.

Indian Agent Wisdom has these Indian police to join in the search along with the deputies. Troops would be useless in the territory, except, perhaps, cavalry. The Cooks have to be tracked, and the country is filled with many of their friends, ready to give the alarm.

The chief of the Cherokee nation has offered a reward of \$500 for Bill Cook. The dispatch sent out from Tahlequah a few nights ago, saying that Jim Cook, the young brother of the Bill Cook, had made his escape from the Cherokee guards, is a mistake. Four guards have him in charge. They got scared the other night, and fearing the Cooks would swoop down upon them they changed his guardhouse and gave out the report that Jim Cook had escaped. It was all a ruse, so the private secretary of Chief Harris has informed the Associated Press correspondent.

It is now only a matter of a few hours until the last is heard of the Cook gang, as a fight or capture is imminent.

Commissioner McKennon was in the city yesterday and said that the Cook episode would doubtless hasten the opening of the territory. His commission will make a unanimous report to congress recommending the long-looked-for change.

In Hot Pursuit of the Cook Gang.

MUSKOGEE, I. T., Oct. 26.—The Cook gang is headed for the mountains in the western part of the nation with the Indian police, Indian sheriffs and United States marshals in pursuit. As heavy rewards are offered for the leaders of the gang, dead or alive, it is believed that they will be captured soon.

A MILE IN 1:35 2-5.

Such Is the Astounding Achievement of John S. Johnson on a Bicycle.

BUFFALO, Oct. 26.—John S. Johnson Wednesday afternoon rode a bicycle in the unparalleled time of 1:35 2-5, almost 14 seconds faster than any single rider has ever covered the distance in the world; six seconds faster than any tandem has ever negotiated the distance, and one-tenth second faster than the world's record for running horses—1:35 1-2, made by Salvator on a straight track at Monmouth Park, N. J., Aug. 28, 1890.

Johnson rode the course in heavy black tights and two thick sweaters, which tended to impede the free play of his muscles. Electrical timing arrangements were provided, and each quarter was checked at both start and finish, so that there can be no doubt of the accuracy of the performance.

The first quarter was covered in 21 2-5 seconds, crowding closely the best record for a thoroughbred horse for the same distance. This was on the down-grade quarter. In the second quarter, which was up hill, they went the distance in 25 2-5 seconds, making the half in 46 4-5 seconds, four-fifths of a second lower than the half-mile record held by the California filly, Geraldine. The quarter was made in 25 seconds, making the time for the three-fourths of a mile 2:45 seconds slower than the three-fourths made by Domino last fall.

The pace in the stretch was wonderfully fast, and when the quadruplet crossed the line Johnson was a short foot behind the rear wheel, and riding as if out for an exercise ride. The official time for the mile was 1:35 25. Several club riders made the time 1:35 flat. Johnson says he feels confident that he can do a mile in 1:30.

Foundry Burned.

WARREN, O., Oct. 26.—The Hubbard Foundry and Machine company's works at Hubbard, this county, were destroyed by fire. Loss, \$15,000.

THREE VESSELS OVERDUE.

Two of Them Given Up For Lost and but Slight Hopes For the Other One.

PHILADELPHIA, Oct. 26.—Great excitement prevails in shipping circles over the fact that the North Atlantic Trident line steamship Enskar, which sailed from this port Oct. 3 for London, with a cargo of merchandise, valued at \$300,000, and 222 head of cattle, has not reached her destination. She was due at London on the 17th inst., but no tidings of her have been received since she left the Delaware breakwater early on the morning of the 4th inst.

All hope for the safety of the British whaling steamship Falcon, which brought to this port the members of the Peary expedition, and which sailed Oct. 8 for St. Johns, N. F., has now been given up and there no longer exists any doubt that she has gone down at sea with all hands.

The schooner John D. Williams, from Philadelphia, Oct. 6, for Providence, has also been given up.

Hopes of a Murderer.

CLEVELAND, Oct. 26.—Clarence Robinson, who, with his wife, Sadie, murdered Attorney Gibbs in Buffalo, April 28 last, is now on his way to Buffalo, in charge of Deputy Superintendent of Police Cussack returned from Columbus, where he went to secure requisition papers, and which he secured without trouble. Robinson was taken before Judge Noble in the criminal court and four charges of burglary and larceny against him were set aside in view of the fact that he is wanted on a more serious charge in Buffalo. The prisoner is still as cheerful as ever and says now that he has hopes for life.

Protests His Innocence.

LOGANSPORT, Ind., Oct. 26.—A young man who claims to have been until recently employed in the counting room of the Chicago Tribune, is here, charged with the larceny of \$40 worth of personal effects from T. E. Rohn of Shelbyville. The young man's right name is Almen W. Current, although he registered at the hotel where the theft was committed as Frank Edward of Flint, Mich. He is the son of D. M. Current of Albion, Mich. The accused protests his innocence. The missing property has not been found.

Searching For Murderous Tramps.

BATTLE CREEK, Mich., Oct. 26.—Over a hundred men are searching for three tramps who are believed to have hidden in a small marsh two miles east of the city. Men are patrolling the locality to prevent their escape. Last night Policeman Marcellus was shot in the body by one of the tramps while the patrolman was attempting to arrest them for persisting in boarding a Michigan Central train. The tramps got away after wounding Marcellus, but the citizens are determined the ruffians shall not escape arrest.

Two Men Frightfully Mangled.

BRAZIL, Ind., Oct. 26.—Eli Krouse and Edward Wardnuse, owners and operators of a large gristmill at Reelsville, a short distance east of here, were instantly killed yesterday by the west-bound passenger train No. 6 on the Vandalia road. The train was three hours late and caught the men as they were crossing the track in a wagon. The vehicle was demolished and the men were frightfully mangled.

Found Morgan's Buried Rifle.

MIDDLETOWN, Ky., Oct. 26.—In excavating near Colonel Cottrell's at Cumberland Gap, seven feet below the surface of the earth, workmen found a case of Enfield rifles, 25 in number. The case was stamped John H. Morgan, 1864, indicating that they had been buried there 31 years ago by the famous southern guerilla. They are in a perfect state of preservation, not even rusted.

Narrow Escape of School Children.

GALLIPOLIS, O., Oct. 26.—The children of the Garfield school had just been dismissed last evening, when a monstrous rock from the apex of the hill behind the school crashed through the building, completely destroying the furniture of the room which the children had just left. Had Professor Porter detained his scholars five minutes, probably 50 would have been crushed.

Destructive Work of a Street Urchin.

DAYTON, O., Oct. 26.—The destruction by fire of a large delivery wagon containing 20 barrels of oil followed a collision with an electric car. A street urchin applied a burning match to the oil that was scattered about the streets, when the flames traveled to the wagon and quickly enveloped the vehicle. The driver of the wagon barely had time to unhitch and save his horses.

Gold Reserve Still Increasing.

WASHINGTON, Oct. 26.—The cash balance in the treasury yesterday was \$112,712,457 gold reserve \$60,656,301. The increase in the amount of the gold reserve was occasioned by deposits of gold in exchange for currency. Of these deposits, \$52,805 was received at New York, \$12,765 at St. Louis and \$96,423 at Philadelphia.

Death of a Band Leader.

SIDNEY, O., Oct. 26.—The death of Henry Klute, the leader of Klute's band, which was considered the best state band at the national encampment of the Grand Army at Pittsburg, will be much regretted by music lovers of western Ohio. He was 39 years old. Funeral Sunday afternoon.

His Neck Broken.

ALEXANDRIA, Ind., Oct. 26.—Lewis Hatcher, a Belgian, employed as a glass-blower, was killed by falling down a stairway at his boardinghouse. It is supposed that he missed his footing in the darkness. His neck was broken. The coroner returned a verdict of accidental death.

FIGHTING ON THE YALU

Another Battle Between the Japs and Chinese.

ATTACK MADE BY THE FORMER.

After a Short Engagement the Chinese Are Completely Routed With Twenty Killed and Wounded—The Whole Japanese Army Crossing the Yalu River and Preparing to Attack the Chinese Stronghold.

LONDON, Oct. 26.—A dispatch from Tokio says Count Yamagata, commander-in-chief of the Japanese forces in Corea, has reported to the government at Tokio that a detachment of 1,600 Japanese infantry crossed the Yalu river on the morning of Oct. 24, at Sukochin, above Wi-Ju.

Shortly after crossing the river the troops met a body of Chinese, composed of 600 cavalry and 100 infantry, with two cannon. The Japanese at once made an attack upon the enemy, and the latter fled, leaving behind them the two guns and a large number of muskets. The Chinese lost 20 killed and wounded, but there was not a single fatality among the Japanese. The latter also seized a fort near the scene of the engagement.

A detachment of the Japanese forces is advancing upon Laishien, and the main body is crossing the Yalu river.

A dispatch, dated Wi-Ju, Oct. 24, apparently delayed in transmission, was received here yesterday evening, giving details of the above fight. It says that the Japanese were ferried over the Yalu river at Sukochin at daybreak. Chinese earthworks had been thrown up to oppose the Japanese force, but a slight deviation enabled the Japanese to cross the river and land without opposition. The Chinese fled after the first few rounds were fired at them. The Japanese captured the works with a rush. The Chinese fled to the batteries that had been constructed lower down the river, throwing away their arms in their flight. These were found to be antiquated muskets.

The advanced detachment now holds the Sukochin ferry to guard the passage of the Japanese main body, the advances of which will commence at dawn tomorrow (Thursday). The Japanese engineers have pontoons thrown across the river in readiness for the army to pass over. The Chinese are still in force in the batteries opposite Wi-Ju. Their strength has not materially increased during the past week. The main attack upon the Chinese position will be delivered before Sunday.

The Big Battle Now Raging.

YOKOHAMA, Oct. 26.—Later advices from the front show that the Japanese army crossed the Yalu river on Wednesday without further opposition and immediately advanced to the attack of the Chinese Kiulente (Kiulented.) The battle is now proceeding.

Officially Confirmed.

SHANGHAI, Oct. 26.—An official telegram reports that a battle took place on Wednesday between the Chinese and Japanese on the Chinese side of the Yalu river. The fighting was proceeding when the message was dispatched. No details are given.

WASHING AWAY THE BEACH.

Coney Island Lashed by a Destructive Hurricane.

NEW YORK, Oct. 26.—Coney Island has been lashed by a storm for the past 60 hours, such as it has not experienced since the memorable one of 1887. The rain of Wednesday, accompanied by a hard driving northeasterly wind, started the music. A high tide followed, and with the latter, a ground swell, one such as Coney Island has rarely experienced, made things unusually lively.

It was high tide shortly after 4 p. m. Wednesday. At that hour the ocean was as placid as a baby asleep, but suddenly the great combers developed into high rolling waves of green, which, as they approached the shore, broke up on the beach or against the bulkheads in front of the Oriental, Manhattan and Brighton Beach hotels with a roar that could be heard far inland. Each receding wave carried away with it a few feet of the beach, digging up piles and bulkheads and undermining the smaller pavilions near the ocean.

Between Sea Breeze avenue and the ocean lies a strip of Brooklyn city property controlled by the park department. Yesterday an engineer was sent down from Brooklyn to find out how the property could be saved from further inroads of the sea. The engineer discovered that there was nothing left worth mentioning save Sea Breeze avenue, and very little of that. The rest of the beautiful beach had been carried away by the waves and added to the accumulation of sand, known as Rockaway bar, which year by year, is approaching nearer and nearer Sandy Hook.

Death of a Catholic Priest.

PORTLAND, Ind., Oct. 26.—The Rev. Father A. J. Streuder, pastor of the Catholic church here, died yesterday afternoon of organic heart disease. The remains will probably be taken to Milwaukee for interment.

Ex-Priest at the Point of Death.

MONTREAL, Oct. 26.—Rev. Father Chiniq, the celebrated ex-priest, is at the point of death. He caught a severe cold while returning from Albany and his age almost precludes recovery.

Fell Ninety Feet.

WAUSEON, O., Oct. 26.—Luther Orendorf, a building contractor, fell 90 feet from a church steeple at Edon and was instantly killed.

LET THE VOTERS ANSWER.

"How does it come that when the Democrats went out of power in 1890 the Government had been run for seventy years and there was but five millionaires in the whole United States, land was a good price, farms free of mortgages, and tramps and strikes were unknown; while after thirty years of Republican rule there are over 5,000 millionaires, land no price, and swarmed with mortgages, strikes on all hands and tramps by the million?"—Public Ledger, August 25th.

The gold reserve has been steadily increasing for some time and is now over \$60,000,000.

No duties should be levied for protection that are not needed for revenue."—John Sherman.

That's pretty good Democratic talk, Uncle John. It sounds very much like "tariff for revenue."

MCKINLEY AND WILSON ABROAD

In 1890 William McKinley was burned in effigy in the English manufacturing city of Sheffield; but in 1894 William L. Wilson was dined and wined in London because he is the author of a free trade tariff bill. These are significant facts.—Public Ledger.

Oh, very significant indeed! But what about General Grant's words uttered a few years ago, when he visited Birmingham, England? In a speech at that point General Grant said:

"I think we are rapidly progressing in the way of establishing manufactories ourselves, and I believe we shall become one of the greatest free trade nations on the face of the earth, and when we both come to be free traders I think that probably the balance of nations had better stand aside and not contend with us at all in the markets of the world."

He was considered standard Republican authority in his day.

THE MEDICAL ASSOCIATION.

List of the New Officers Chosen
 Thursday—Next Meeting to be
 Held at Glen Springs

The semi-annual meeting of the North-eastern Kentucky Medical Association was held Thursday at Ashland. There was a good attendance, and the day was spent very pleasantly and profitably in discussing the various subjects on the programme. A number of very interesting papers were read.

The election of officers resulted as follows:

President—Dr. J. H. Wade, Ashland.
 Vice President—Dr. J. E. Wells, Mt. Olivet.
 Secretary—Dr. W. S. Yazell, Maysville.

Treasurer—Dr. C. W. Aitkin, Flemingsburg.
 The Board of Censors appointed by the President is composed of Dr. McDowell, Flemingsburg, Dr. H. K. Adamson, Maysville, Dr. J. S. Bussey, Louisa, Dr. Sowards, Greenup, and Dr. Durrum, of Nicholas.

The next meeting will be held at Glen Springs, the fourth Thursday of May, 1895. Drs. Adamson and Yazell were appointed a Committee of Arrangements.

Eighteen new applicants for membership were received yesterday.

Grand Division, Sons of Temperance.

The Grand Division of Kentucky, Sons of Temperance, convened in this city Thursday. Mr. Hewetson and son, of Newport, Mr. and Mrs. Moneyhon and Mr. Gray, of Augusta, were the only ones in attendance aside from the local members.

The election of officers resulted as follows:

Grand Worthy Patriarch—Lennin Purnell.
 Grand Worthy Associate—Mrs. Mary Geisel.
 Grand Scribe—D. J. Hewetson.

Grand Treasurer—George N. Crawford.
 Grand Conductor—James Stewart.

Grand Chaplain—Mrs. Jane Morris.
 Grand Sentinel—Robert Seamon.

The session will close to-day.

New Industries in the South.

Cincinnati Enquirer: "One of the most unique plans of attracting attention to any section of the country is that just adopted by the Q. and C. of announcing weekly the number of new industries that have started up along the line of the road in all the towns and villages. This week's circular numbers twenty-one separate new undertakings in the list, all the way from a new tannery on a large scale to a new church and the opening of new coal property. The new industries are all in the States of Kentucky, Tennessee, Alabama, Mississippi and Louisiana."

Wages Advanced.

PITTSBURG, PENN., October 24th.—The Carrie Furnace Company has advanced the wages of day laborers from \$1.05 to \$1.20 per day. It is believed that other employers of labor who have been paying less than \$1.20 for day labor will restore the price to what it was before the panic. This is the second advance in wages which has occurred in Pittsburgh this year. The other was to laborers at a South Side mill. They, however, only received 7 cents of an advance.

Oil in Floyd.

The Mt. Sterling Advocate says: "In Floyd County, twenty miles from Prestonburg, oil has been struck in great abundance. From one well, which was struck last week, 30,000 gallons ran out in three hours and six minutes. Excitement runs high in that section. From five wells which have been sunk three of them are paying ones. Gas is also found in paying quantities."

City Taxes.

Tax-payers will please take notice that all city taxes are now due, and that on November 1st a penalty of 10 per cent. will be added to all not paid. Office will be open Saturday evenings till 8:30 o'clock.

JAMES W. FITZGERALD,
 Treasurer and Collector,
 Office at Keith-Schroeder Harness Co.'s office.

A REPUBLICAN orator in a speech up in the mountains last week said that "the law of supply and demand is another of those—Democratic laws which will be repealed just as soon as we get in power!"

THE Democratic State Executive Committee has adopted an amendment to the rules governing the party organization, which prohibits Government employees or officials from being members of city or county committees.

At Berry, Harrison County, Mr. W. F. Conway and Mrs. Ethel Osborne were married a few days ago. Mr. Conway is the young man who had the terrible struggle with the negro fiend, Craig, while trying to save the life of his father and mother a year or so ago.

RIGHT IS RIGHT AND WRONG IS WRONG.

MAYSVILLE, October 25th.
 Editor Bulletin: Having seen in the Ledger of the 24th an article in regard to a suit in the city of Louisville, between Miss Lou Bullock and an ex-Mayor of Middlesborough, the writer of this desires to contradict something in it that he knows to be false. First she never had any suit for breach of contract with any one. She had a little love affair with one, Dr. H. Savage, of Germantown, no preacher. He is of a good family and talented, but had one fault at least.

If she had regarded her father's admonition she would not have been robbed of her money and cheek and happiness in this case with the ex-Mayor. I told her he was an infidel, an Elk, and had a bad countenance, but children cannot always see as older persons do. As to her mind the writer can say that while she has been remarkably bright and talented, and a great favorite and pet, she is a monomaniac on form and style and had rather die than be excelled. Her brother sent her home and would not let her appear in court. She got her voucher, but is minus \$45. She will be able to get along without that.

At the annual meeting of the stockholders of the C. and O. in Richmond, this week, the old directors were re-elected. President Ingall's report says: "To provide for part of the indebtedness attributable to the steamship investment and equipment and expenditures, as well as to the payment of equipment notes, say in all about \$1,900,000 (including the steamship loan), the company, in addition to various other assets, has \$2,241,000 of its four-and-a-half per cent. bonds in its treasury, and is entitled to receive about \$590,000 additional at any time from the trustees."

It will not be lawful to kill quail until November 15th.

ALL the cases of citizens of Bracken County against the Maysville and Big Sandy Railroad have been continued until the next term of the Bracken Circuit Court.

SENATOR LINDSAY.

The Distinguished and Eloquent Kentucky Democrat to Be Here To-morrow Night.

Several Enthusiastic Meetings Held Last Night—Another Single X Club Organized.

Judge William Lindsay, Kentucky's junior Senator, will speak at the court house to-morrow night. He is one of the ablest and truest Democrats in Kentucky, and the house will, no doubt, be packed to hear him discuss the issues of the campaign. This will be his first visit to Maysville and a warm welcome awaits him. Hauck's band will furnish music.

The Democracy of Charleston Bottom were out in force last night, and packed the school house to overflowing.

Burgess Taylor, Esq., led off in an elaborate and well digested exposition of the numerous frauds and fallacies of the Republican party, and paid a glowing tribute to the local ticket. Judge Wall then addressed the audience, and for the benefit of the young Democracy briefly and ably gave an historical outline of the two parties, and showed conclusively that the recent hard times were but legitimate results of the "protection" and financial legislation of the Republican party. Both speeches were well received and frequently applauded.

The Mayslick club enrolled several new names last night, and now has a membership of 130. The meeting last night was largely attended and was enthusiastic. Judge Phister, County Attorney Newell, Mr. F. P. O'Donnell and Mr. J. N. Kehoe were the speakers. The Mayslick club will close the campaign with a big rally one night next week and will have a brass band out.

The White Oaks Single X Club was organized last night at Oakwoods School House. Mr. James P. Curtis is President and Prof. G. F. Turnipseed Secretary. Twenty-two members were enrolled. Judge Cole and Commonwealth's Attorney Sallee were the speakers. Judge Cole has been delivering some of the best and most effective speeches of the campaign.

Dover Democrats had the band out and gave Mr. James P. Allen and Mr. George W. Sulser a rousing welcome last night. About 250 people, many of them ladies, were present and heard two good speeches.

The meeting at Washington last night was one of the best and most enthusiastic held there. Mr. John L. Chamberlain and Fleming's eloquent young orator, Mr. A. O. Stanley, were the speakers. List of announcements:

MAYSVILLE.

The City's Advantages Briefly Set Forth in an Article in the Louisville Post.

The Louisville Post on the day the State immigration convention met in that city published a number of articles briefly setting forth the advantages offered by various Kentucky cities. The following, by request, was contributed by the editor of the BULLETIN:

The territory embraced in the corporate limits of Maysville is sufficient for a city of 50,000 inhabitants, and her many advantages as a location for manufacturing industries ought to insure her a rapid growth.

The magnificent Chesapeake and Ohio railway traverses Maysville from east to west, and she is the northern terminus of a branch of the great L. and N. system of railroads which threads the South in every direction. These with the Ohio river, which flows at her feet, furnish transportation facilities not enjoyed by the interior cities of the Commonwealth; and the competition between river and railway interests will always insure low rates on freights.

A water works system second to none in the State furnishes all that is needed in that line. The reservoirs, on a hill 450 feet above the city, afford protection from fire enjoyed but by few other cities.

An electric street railway, electric light, cheap gas, reasonable insurance rates and a low rate of taxation are among the advantages enjoyed by Maysville, and are mentioned for the consideration of those who are seeking a location for factories. Maysville's public and private schools are the best, and her churches and other religious institutions rank among the first.

The statement has been made, and, we believe, has never been controverted, that "money is more abundant in Maysville and the rate of interest less than anywhere else in the State." With a population of 8,000, she has four banks whose aggregate individual deposits subject to check amount to \$1,000,000.

Maysville is the county seat of Mason, one of the leading counties in Kentucky. She is surrounded by a very rich agricultural region. In fertility of soil, portions of the county are unsurpassed. Corn, wheat and tobacco are the principal crops. Within a radius of twenty miles of Maysville about 40,000,000 pounds of fine tobacco are grown annually, and factories to convert the weed into the manufactured article ought to flourish here. Where could a more favorable location be found for such industries?

Parties who contemplate investing in manufacturing industries are cordially invited to visit Maysville, and are assured a warm welcome and every reasonable encouragement.

SOME miscreant was abroad last night and threw a stone through one of the show windows at Mr. G. A. McCarthy's store.

THE Portsmouth Blade, a Republican paper, says:

The past week has been underscored with big red lines as a record breaker in the shoe business.

Business must be booming when a Republican paper talks this way.

THE remains of Miss Jennie Brown Robinson were brought here Thursday from Florence, Ala., and interred in the Maysville Cemetery. Deceased was the youngest daughter of Mr. and Mrs. James F. Robinson, and was a favorite among her friends, who learned with sincere sorrow of her death.

THE "Prince of Devils," Mr. John Griffith, will open an engagement in this city next Wednesday evening in Ed A. Church's production of Goethe's sublime tragic poem "Faust." Mr. Griffith is a good devil, it is said, in that he portrays that character with all the par-excellence of devilishness; expressing the very fiend incarnate in his every action, word or gesture. He essays the part in a style all his own, and certainly comes nearer the popular idea of the "Angel of Darkness" than any actor upon the stage. The company in support of Mr. Griffith is a strong one, and aid materially in presenting this master-work in a thorough and faultless manner.

THE CZAR STILL LIVES

Russia's Ruler Has Not Yet Succumbed to the Inevitable.

GROWING WEAKER EVERY DAY.

He Awaits Death With Perfect Composure.
Surgery Useless—The Czarina's Condition Reported Very Critical—The Wedding Ceremony Delayed—Reassuring News About the Czar Reaches Washington.

ST. PETERSBURG, Oct. 26.—A bulletin issued from Livadia at 6 o'clock yesterday evening says:

"Neither somnolence nor spasmodic symptoms were observed today. His majesty's appetite is satisfactory. The oedema did not increase as usual."

The bulletin is signed by the five doctors in attendance upon his majesty.

The czar's strength is daily decreasing, but he awaits death with perfect composure. In order to counteract the depression of those about him, he has ordered that the band at the palace play during lunch time. The czarina, though suffering severely, never quits her husband's side. She sits for hours beside the armchair occupied by the emperor, and watches by his bedside when he is unable to sleep. The czar, it is said, has made all his arrangements with a view to death.

Rooms are being hastily prepared at the winter palace for the reception of the czar's wife. The work proceeds night and day.

A manifesto has already been printed at the office of The Official Gazette for issue on the occasion of the czar's marriage to Princess Alix. Two hundred thousand copies of this manifesto will be distributed on the wedding day.

There has been a renewal of the serious reports in regard to the condition of the czar. It is stated that she has to be wheeled into the czar's room in an invalid's chair and that she is only able to visit the emperor a few times daily.

LONDON TIMES' DISPATCHES.

Not Much Hope For the Czar From This Source.

LONDON, Oct. 26.—A dispatch to The Times from St. Petersburg says it is reported that Dr. Zacharin is opposed to an operation being performed upon the czar.

News is expected today or tomorrow of the induction of Princess Alix into the Greek church, and of the exchange of rings between her and the czar, but there is no certainty of what may occur. There is little likelihood now that the marriage will be celebrated at Livadia. Official personages now deny that there will be any marriage service there, but they do not reject the likelihood of the two preliminary rites there.

It is reported that the czarina is in a very nervous condition. She suffered an attack of lumbago before she reached Crimea. Naturally there is great anxiety on the czar's account, but there are no apprehensions for the future except among the holders of high offices, who fear they may be superseded.

It is expected that there will be extensive though gradual changes in the internal affairs of the empire in the event of the czar's death, but the diplomatic circular from the foreign office, which it is customary to issue upon the demise of the crown, will doubtless announce that there will be no change in the foreign policy.

Princess Alix Has Not Yet Been Baptized.

LONDON, Oct. 26.—A dispatch to The Daily News from St. Petersburg says that the baptism of Princess Alix has not occurred yet. Whether the delay is due to her protests against declaring the Evangelical church accused, as the Greek church dignitaries insist she shall do, or to the condition of the czar is not known. All hope of sustaining his majesty's life has been abandoned, and the worst may happen any moment through heart failure.

Surgery Useless.

LONDON, Oct. 26.—The correspondent of The Daily News at Berlin says The Local Anzeiger publishes an interview with Professor Bergmann, who was reported as having refused to go to Livadia to attend the czar. Professor Bergmann declared that surgery was useless in his majesty's case, because both of his kidneys were affected, and the removal of both of them would be as bad as beheading him.

Reassuring News Reach Washington.

WASHINGTON, Oct. 26.—Prince Cantacuzene, the Russian minister, was yesterday in receipt of a cablegram concerning the condition of the czar. It was a little more reassuring in character and said that on Tuesday night the emperor had enjoyed a good sleep of several hours. The next day, Wednesday, the dispatch said there was no relapse and the appetite of the patient was better, but his feet were more swollen than before. Last Sunday the sacrament of the holy communion was administered to the sufferer.

THE SECOND TIME

This Prospective Groom Failed to Put in an Appearance.

LONDON, O., Oct. 26.—There was to have been a wedding at South Charleston Wednesday evening, but owing to the failure of the prospective groom to put in an appearance, the event was indefinitely postponed. The parties are Chesterfield D. Ashley of Deland, Fla., and Miss Mabel, daughter of Dr. Graham, a well known physician.

Word was received from him Sunday stating that he was badly injured while en route to take the train. This is looked upon by some as a hoax, as this is the second time their marriage has been postponed. The parties first met about a year ago, when Ashley was in the employ of his prospective father-in-law as a groom for his string of horses. The young lady has stuck steadfast to her lover, although her parents at first objected, and is still firm in the belief that he will yet put in an appearance and the marriage be performed.

"Speculative Pools" in Chicago.

CHICAGO, Oct. 26.—The raid on discretionary pools in Pittsburgh for \$2,000,000 started inquiries in this city and the result of the investigation is startling. It reveals the existence in Chicago of a large number of such concerns, which are doing a rushing business. Indeed, Chicago harbors a perfect nest of them, and it is said they have taken in \$4,000,000 or \$5,000,000 during the year. There are 15 or 20 concerns located in the back office of buildings in the board of trade quarter that are running what they call "speculative pools." Many of them, it is said, have been immensely successful to those in charge.

Charged With Murder.

PARKERSBURG, W. Va., Oct. 26.—Mrs. Drumm and her alleged paramour, a young man named Hamrick, have been arrested and are now held in jail at Elizabeth, Wirt county, charged with poisoning the former's aged husband. She was married to Drumm last August. His stomach will be analyzed.

Indicted For Murder.

ROCKPORT, Ind., Oct. 26.—The grand jury has returned an indictment against Robert Burr for murder in the first degree for killing "Cap" Williamson on the 15th inst. Burr was arraigned and pleaded not guilty. His trial was set for the third Wednesday in January next.

Premature Explosion.

BRENNHAM, Tex., Oct. 26.—By the premature explosion of a blast at a quarry, 14 miles north of here, James Quillor, M. R. Wood and Dick Foster were fatally injured. The tamping iron struck a spark from the rock and exploded 25 pounds of giant powder.

Railroad Superintendent Resigns.

ELKHART, Ind., Oct. 26.—Charles A. Sheldon, a prominent Lake Shore official and superintendent of the Michigan division, has tendered his resignation. Mr. Sheldon will locate in New York.

Attacked by Tramps.

HAMILTON, O., Oct. 26.—George Burns, a patternmaker, was attacked by two tramps and struck on the head, sustaining a very serious injury. They wanted money.

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

Some of the Republicans are boasting how they took Crit Willims' money last summer and spent it for Tinker Mitchell in the primary. You bet your life Crit and his friends will even up matters November 6th.

The editor of the Vanceburg Sun says Robert Wilson will not carry a precinct in the west end of the county. You are badly mistaken, Mr. Huff. Bobswung in our swings and took part in all other sports and pastimes of an innocent nature in his boyhood days, and was always steadfast in what he thought was right, never sacrificing principle for self-elevation like his opponent, Halbert, who is a Populist for office, a Republican for office, and a regular skip-jack generally.

You'll Hear Him Crow on November 7.
[Frankfort Capital.]

A real Democrat can't put his cross-mark under a coon or even an eagle, with a big, fine-looking rooster right before his eyes. A fellow who learned, even before he could read, to feel a thrill at the sight of big roosters in the newspapers the morning after a Presidential or Congressional election, will never cease to vote the Democratic ticket as long as he goes into the booth and finds the rooster, the emblem of the party of principles.

The electric thrill of health

is never felt by those who are run down—out of sorts—poor in blood—badly nourished—dyspeptic. That would be impossible, and so the delight of living is lost!

Brown's Iron Bitters

brings weak people up to the standard of health—feeds the blood—acts on the nerves—strengthens the muscles. It brings the blush of youth to weary women's cheeks—is a boon to the invalid—refreshes and renews life in the aged—nourishes the weak, puny child—briefly said, it gives strength, and strength cannot exist without perfect health. It is a necessity in every family. It does not injure the teeth or cause constipation.

It's Brown's Iron Bitters you need!

The Genuine has the Crossed Red Lines on Wrapper.

BROWN CHEMICAL CO., Baltimore, Md.

Optician Louis Landman

Of Cincinnati, O., will be at the Central Hotel, Maysville, Ky., on Saturday next, October 27—one day only.

Do not fail to see him, as this winter is his last term at Medical College, and he will not be able to visit this city as often as he used to last summer.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

DELIGHTED!

We have everything to gain by trading on a narrow margin of profit. We could not fill our shelves with goods at the very lowest prices known in the market if we did not buy on a large scale, and we could not sell on a larger scale unless we gave the public the full benefit of our close buying. We love to make our discounts. Our business will grow steadily, because we give it close attention. We buy cheap; we can sell cheap. Try us, the people's grocers.
